Board Buzz  
Dale Jordan

I hope our June newsletter finds each of you in good spirits and ready for the typical “hot days of summer” here in Pensacola. I’m sure everyone was surprised by the very early arrival of subtropical storm Alberto but at the same time happy that the storm left our beautiful city untouched.

Thanks to Marie, Steve, Danny, our Board and many of our owners who have helped your Association begin 2018 in a positive way! Several items come to mind including unit 100 which is just like new and rented through the month of June; our pier is fully repaired and ready for fishing and star gazing; our pool is in full use by many of our owners and their friends and family; our beautiful new fountain is magnificent and foremost, our owners are “living the dream” on the The Bayshore.

Also, your Board has spent most of May reviewing the Association’s property, flood and liability insurance coverage and I am happy to report that we have selected Phil Gambrell and his firm of GAMBRELL & STURGES as our new agent. Phil and his firm insure condos from Panama City all the way to the Mississippi Gulf coast.

In closing let me thank Roger Countrymen, Jan and Charlie Wyatt, Lillian McLean, Rena Reed and all the others owners who make the Bayshore a fun place to live.

Dale

Sunny and Breezy Days to Come  
I want to keep you posted on all the projects and how they are coming along:
• Entrance by the door attendant will have the ceiling repainted, therefore the seating in that area has been removed. Hope you like the trees in the area.
• The Pier is finished and I have heard only good things about it so far. We hope it will bring great enjoyment to all. Soon we will have it insured so that storms won’t make us worry so much.
• The geological engineering testing has been completed for the pool and sea wall area and we are awaiting cost estimates and scope of work for repairs needed to be done.
• We have new insurance agent that will be saving us thousands with much better coverage. We have had a flood zone correction made with FEMA that has contributed to the savings. We will share these changes in detail at the next Board meeting.
• Unit 100 is booked pretty full for the next couple of months. Some lovely donated items have been incorporated into the décor to add to the salt life atmosphere. We hope you will like the changes. Especially the change in price to $75 a night. The future for Bayshore is bright and I am glad you are here to enjoy it.

Thanks,

Marie

Herb Garden News – May 2018  
Mint is a true botanical wonder. It is easy to care for once rooted, and it has a pleasing aroma that makes it a welcome addition to the garden. This easy to grow herb has many uses. It makes a wonderful and healthy tea, can be used as a fragrant potpourri, and is a delicious addition to food. For summertime meals nothing could be more appealing. Here are salad and dressing recipes that are both tantalizing and filling without the calories.

**Carnival Salad**

- 2 avocados sliced thin
- 1 jar sliced mangoes drained
- Tangerine peel
- 1 cup fresh blackberries
- 1/4 c tangerine juice
- 1 small can mandarin oranges
- 1/2 teas salt
- 1/4 c minced mint and 3/4 cup sliced almonds

**Dressing**

- 1/2 c olive oil
- 1 teas. grated
- 2 T. Balsamic vinegar

Combine ingredients except dressing. Refrigerate. Add dressing right before serving.

**Artichoke & Chicken Salad**

- 2 jars marinated artichokes, chopped bite size, reserve liquid
- 1/2c sliced black olives
- 1/3c each thinly sliced green peppers, red peppers, red onion
- 1/3c chopped mint
- 1 c. left over rotisserie chicken, cut into bite size pieces

**Dressing:** 1 T. honey, 1 T. olive oil, and marinated artichoke reserved liquid
Toss all ingredients. Refrigerate 2 hours before serving on a lettuce leaf.

**What’s Up Dock?**

Just in time for Memorial Day Weekend, What’s Up Dock (the dock building company) completed our new pier including a kayak and canoe hoist, steps into the water, large three sided bench half way and additional seating at the end, perfect for the fisherman.

This will be the perfect place to spend warm summer days and evenings where there is always a breeze. There are even a couple of crab traps already tied to the new pilings.
